

# Water Activities Guide

## SNORKELING AND DIVING

### Kilsby Sinkhole

*Guided Snorkeling Experience (gear provided), Scuba Diving Tours for qualified divers and Dry Sinkhole Tours*

525 Sisters Road, Moorak  
[kilsbysinkhole.com](http://kilsbysinkhole.com)

### Dive Experience

*Guided Snorkeling Tours within the Limestone Coast, Guided Diving Tours in Kilsby Sinkhole and Diving Courses*

[dive-experience.com.au](http://dive-experience.com.au)

### Piccaninnie Ponds

Piccaninnie Ponds Road, Wye  
[parks.sa.gov.au](http://parks.sa.gov.au)

**PARK ALERT** Piccaninnie Ponds is currently experiencing a significant bloom of filamentous algae. While not believed harmful to people it has reduced visibility in the ponds and impacts on the aquatic vegetation. As a result, the ponds are closed to the public for water based activities and will not be taking bookings for diving and snorkeling as a quality visitor experience cannot be guaranteed. Minimising disturbance in the ponds during this time will also help the currently stressed aquatic vegetation recover more quickly.

### Ewens Ponds

Ewens Ponds Road, Eight Mile Creek  
[parks.sa.gov.au](http://parks.sa.gov.au)

**PARK ALERT** The ponds are currently closed to water-based activities due to very low water levels resulting in the connecting channels being too shallow to navigate without damaging the delicate aquatic vegetation and site natural values. The ponds will be reopened to usual permitted activities once water levels recover.

***All Snorkeling and Diving Experiences must be booked ONLINE ONLY -  
Please refer to the websites listed above for more information and to book***
